Program Assessment Committee (PAC):

The Program Assessment Committee (PAC) has been formed for monitoring of Computer Science and Engineering Departmental activities.

The PAC consists of faculty members and technical staff of the department who periodically monitors the departmental activities and evaluates different parameters.

Composition: The present composition of the PAC is as follows.

Chairman: Dr. L. V. Reddy (H.O.D), Department of Computer Science and Engineering.

Coordinator: Dr. Harikrishna Bommala

All the faculty members of the Computer Science and Engineering.

All the technical staff of the Computer Science and Engineering.

One Member from IQAC

Roles and responsibilities: The roles and responsibilities of PAC are as follows.

1. Monitoring the achievements of Program Outcomes (POs), Program Specific Outcomes (PSO), Program Educational Objectives (PEOs).
2. Evaluating program effectiveness and proposing necessary changes.
3. Preparing periodic reports on program activities, progress, status or other special reports for Management.
4. Motivating the faculty and students towards attending workshops, developing projects, working models, paper publications and engaging in research activities.
5. Interacting with students facilitating the achievement of POs, PSOs and PEOs.
6. Interacting with stakeholders regarding the improvement of POs, PSOs and PEOs.
7. Identifying the gaps in COs, POs and PEOs and action taken to fill the gaps
8. Identifying the slow learners and fast learners and mechanism to encourage the both

Minutary of the Meeting (MoM)

The program Assessment Committee headed on 25/9/2017 at 10:30 A.M. HoD cables, CSE Department by chairman Mr. M. Saidu Reddy, coordinated by Mr. M. Ramakrishna, along with other members of committee met and discussed about the points listed in Agenda.

Agenda of the Meeting: -

1. Review of previous meeting
2. Planning for current semester
3. CO-PO mapping
4. Result Analysis and Attainment.
5. Necessary action to be suggested to fulfill the gaps of attainment to DAB.
6. List of activities to be suggested to identify slow and advance students.
7. Necessary action to be taken on to address the gap findings.
8. Any other points to be discussed with the permission of chairman.

Discussion on the Agenda Points: -

1. Reviewed on the previous meeting: - Committee members gone through the status of various activities suggested and carried out by department and verified documents.
2. Planning for current semester - committee members are suggested to all faculty members to prepare course files for current semester.
3. CO-PO mapping: - Committee verified all the CO-PO mapping of current semester courses done by the respective course coordinators and given suggestion to be done properly.

4. Result Analysis and Attainment:- Reviewed result analysis of previous semester and discussed about the listed courses which are of having poor performance and also discussed about corrective measure to be taken.

5. Necessary action to be taken to address and suggested to fulfill the gaps of attainment to DBA - List of activities to be suggested to fulfill the gaps of attainment to DBA is a part of attainment and gaps finding exercise. we had conducted "certificate course on 'Database programming with SQL'" for III year students. These (students) are required to have skills to use computational techniques for analysis and interpretation of societal needs and engage in life long learning, and also conducted "two days workshop on 'DBA'" was arranged for III years. The committee suggested various activities like workshops, guest lectures, Industrial visits, etc. to be conducted in forthcoming academic semester to fulfill the attainment gaps listed to DBA.

6. Based on the performance and result analysis of previous semester, identified slow and advanced learn students and listed them for further recommendations.

7. To be conducted in forthcoming academic semester to fulfill the attainment gaps listed and take necessary actions to be taken.

8. With the permission of chairman the members of the PAC discussed about students as representatives participated to NPTEL, MOOC through online class.

The following members have attended the meeting:-

| 7. Mr. Sudhish Kumar | Sudhish Kumar |
| 8. Mr. K. Rama Krishna Reddy | K. Rama Krishna Reddy |
| 9. Mrs. Kamya | Kamya |

Action taken:

1. verification of documents done by the committee members of PAC regarding status of various activities suggested in primary meeting.
2. All modifications was done to the course file and reviewed by the committee member for the course content.
3. All the course co-ordinators have verified the Co-PO mapping and have necessary suggestions.
4. The result analysis has been done and the students with the poor performance has been identified and remedial class have been planned.
5. Various activities like workshops, Guest lectures, Seminars, Certificates course and value added course to fulfill the gaps of attachments.

6. Advanced students were sent to various computer like paper presentation and party presentation. Remedial classes were conducted for the week students so that they could do well in the upcoming supplementary exams.

7. The gap finding have been addressed and corrective measures have been taken to address the attachments.

Minute of Meeting (MOM's)

The Program Assessment Committee headed on 21/3/18 by chairman Mr. M. Saidu Reddy coordinated by Mr. M. Ramakrishna, along with other members of committee meet and discussed about the points listed in Agenda of the meeting: -

1. Review of the Previous Meeting
2. Planning of the current Semester
3. CO-PO mapping and suggestions to fill gap of
4. ~~Result~~ An attainment to DAB.
4. Result Analysis and Attainment
5. Necessary action to be taken to address the gap findings.
6. Mechanism to identify slow and Advance learners
7. Any other points to be discussed with the permission of chairman.

Discussion on the Agenda Points: -

1. Reviewed on the Previous Meeting: Committee members gone through the status of various activities suggested and carried out by department and verified documents.
2. Planning for upcoming Semesters: - Committee members are suggested to all faculty prepare syllabus with material, and course file, lesson plan with content material.
3. Verify CO-PO mapping of and suggestion to fill gap of attainment to DAB: verify CO-PO mapping of current semesters are verify all the CO-PO mapping of current semester course done by the respective course coordinator and given suggestion to few course where there is a modification in mapping to be done properly. As a part of attainment and gaps

finding earlier, committee suggested various activities conducted like workshops, guest lectures, Brandtstall visits etc. to be conducted in forthcoming academic semester to fulfill the attainments. Gaps listed to DBT. Based on the committee suggested, conducted a "Three days workshop on Web Designing" was arranged for IVth years. From this workshop, students are required to have skill to create appropriate solutions to meet the specified needs for health, societal, and environmental developments. on 1st/10/18. For the IVth year students purpose conducting a value added course on "Big Data Using Hadoop" on 2nd/10/18. In the course students are required to have skills to design framework for Big data based complex engineering problems using modern tools. for BVth year students purpose arranged a certificate course on "Python on conda environment" on 12/3/2018. For IVth year students purpose arranged certificate course on "cloud computing & security". The students are required to apply computational techniques to find solutions for complex s/w problems and process security.

4. Result Analysis and Attainment - Reviewed result analysis of previous semester and discussed about the listed course which are of having poor performance and also discussed about corrective measure to be taken.

5. Necessary action to be taken to address the gap finding coordinator prepared a list of courses and their attainments to PO's, based on this, committee analysed the various courses which are attained and which are not attained to PO's based on this, committee analysed the various courses which follows co-PO are mapping targets and made a list of course not attained to address to corrective measure.

6. Mechanism to identify slow and average learners based on the performance and regularity of previous semesters. Identified average and slow learners students are listed them for further removal.
7. With the permission of chairman, the members of the PAC are faculty members or active participants in research oriented.

The following members having attended meeting:

| 7. Mr. Sudhakar Kumar | S. Sudhakar |
| 8. Mr. K. Ramakrishna Reddy | K. Ramakrishna |
| 9. Mrs. Kanya | Kanya |

Action taken:

1. Verification of documents done by the committee members of PAC regarding status of various applications submitted in previous meeting.
2. All modifications done to the course syllabus and reviewed by the committee members in the current semester.

3. All the course coordinators have visited the co-ops mapping and gave necessary suggestions. Various activities like workshops, Guest lectures, Seminars, etc. have been added to the course to fill the gap of attainments.
4. The result analysis has been done and the students with the poor performance have been identified and remedial classes have been planned.
5. The gap findings have been addressed and corrective measures have been taken to achieve the attainment.
6. Advanced Students were sent to various competitive papers, students, Paper presentation and poster presentations. Remedial classes were conducted for the weak students so that they could do well in the upcoming supplementary exams.

Minute of Meeting (MOM)

The Program Assessment Committee held on 24/9/2018 by Chairman ~~Satish Reddy~~ Coordinated by Mr. M. Ramesh Babu along with other members of committee met at HOD cabin in CSB department at 10:30 A.M and discussed about the points listed in Agenda

Agenda of the Meeting:

1. Review of the previous meeting
2. Planning for current semester
3. CO-PO mapping
4. Result Analysis and Attainment
5. Necessary action to be taken to address the gap findings
6. List of activities to be suggested to fulfill the gaps of attainment to PAB.
7. Identify slow and Advance learners
8. Any other points to be discussed with the permission of chairman.

Discussion on the Agenda Meeting points:

1. Reviewed on the previous minutes of meeting: Committee members gone through the status of various activities suggested and carried out by department and verified documents.
2. Planning for current semester: Committee members are suggested to all faculty members prepare course files and lesson plan for related subjects.
3. CO-PO Mapping: Verify CO-PO mapping of current semester by committee members. CO-PO mapping of current semester carried done by the supervisor course co-ordinator and given suggestions to few

courses, where there is a modification in mapping to be done properly.

4. Result Analysis and Attachment:- Reviewed result analysis of previous semesters and discussed about the listed course, which are of having poor performance and also discussed about corrective measures to be taken.

5. Necessary Action to be taken to address the gap finding: Coordinator prepared a list of course and their attachments to po's, based on this, committee analysed the various courses which are attachment and which are not attached to address to corrective measures.

6. List of activities to be suggested to fulfill the gap of attachment to DAB:- As a part of attachment and gap finding earlier, committee suggested various activities. ~~Based~~ Upon Guest lectures will be conducted "Software Quality management" was conducted for 3rd year students and "Oracle Database Programming on four days". Based upon these lectures, the students are requested to have skills to develop software solutions of complex engineering problem.

7. Identify slow and advance learning students:- Based on the performance and result analysis of previous semesters, identified slow and advance students are called them for further recommendations.

Minutes of Meeting (MOM's)

The Program Assessment Committee headed by chairman-M. Sadek Reddy Coordinated by M. Ramababu along with other members of committee met and discussed about the points will be held on 18/3/2019 at HoD cabin in CG department at 10:30 am listed in Agenda.

Agenda of the Meeting:

1. Review of the previous meeting
2. Planning for current semester
3. Attachment, CO-PO mapping and suggestion to fill gap
4. Analyse the feedback and action taken
5. Necessary action to be taken to address the gap finding.
6. List of activities to be suggested to fulfill gaps of attachment to BMS
7. Identify slow and advance learners
8. Any other points to be discussed with the permission of Chairman.

Discussion on the Agenda points:

1. Reviewed on the previous meeting: Committee members gone through the status of various suggestions and carried out by department and verified documents.
2. Planning for current semester: Committee members are suggested to all faculty members are prepare course file and lesson plan for selected subjects.
3. Attachment, CO-PO mapping and suggestion to fill gap: Reviewed result analysis of previous semester and discussed about the listed course which are of learning and performance are also to be taken about

corrective measures to be taken, based on, the Committee verified all the CO-PO mapping of current semester courses done by the respective course coordinators and given suggestions to few courses where there is a modification in mapping to be done properly.

4. Analyze the feedback and action taken: Reviewed result analysis of previous semesters and discussed about the cited course checks are of having poor performance and also discussed about corrective measures to be taken. Based on the action to conduct remedial class and glitfare to students.

5. Necessary action to be taken to address the gap finding: Coordinator prepare a list of courses and their attainment to POs, based on this, committee analysed the various courses which are attained and which are not attained their CO-PO and CO-PSO mapping and made a list of course not attainment to address the corrective measures.

6. List of activities to be suggested to fulfill the gaps of attainment to POs: As a part of attainment and gaps finding, earlier, committee suggested various activity like, value added course on "web development using Python on Django" was conducted for IV year students, certificate course on "Internet of Things (IoT)" for IV year, value added course on "Deep neural network" was organized for IV-year students, value added course "Deep neural networks" was organized for III year students. The students are required to have skills to use neural networks to develop classification model health issue, and to develop IT tools for solution of social issues, and requires to have skills to design and develop the components for societal and environment solution.

7. Identify slow and advance learners - Based on the performance and result analysis of previous semester, identified slow and advance learners called them for further reconstructions.

8.
