Report

On

“A Four Week Foundation on Data Analytics”

As a Part of

Emerging Technology Course

Under

Engineering for Sustainable Development Program

26/02/2021 to 19/03/2021

Organized by

Data Science Club, Department of Computer Science and Engineering

In Association with

H&S Department

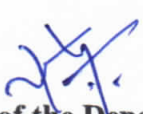

At

KG Reddy College of Engineering & Technology

Submitted by

Ms. R. Hima Sagarika, Assistant professor,

Dept. of Computer Science and Engineering

Head of the Department
Head of the Department
Humanities & Science

Table of contents

- 1. Course introduction**
- 2. Objective of the course**
- 3. Introduction of Data Science club**
- 4. Four week Content Delivery Description**
- 5. Scope of the course**

1. Course introduction

Course Name: A Four Week Foundation Course on Data Analytics

Course duration: 4 - weeks

Organized Department: Institutions Innovation Council

Collaborations: H & S dept., Center for Innovation and Social Transformation

Course offered by – Data Science club, dept. of Computer Science and Engineering.

Venue: CEED Room KG Reddy College of Engineering and Technology, Hyderabad

Co-Ordinator: Ms. R. Hima Sagarika, Asst. Prof., Dept. of Computer Science and Engineering, KGRH

Resources Persons:

1. Ms.R. Hima Sagarika
2. Dr. B. Hari Krishna
3. Mr. K. Rama Krishna Reddy
4. Mr. K. Uma Shankar

3.Objective of the Course

The objectives of the course are as follows

1. To bring a Clear overview about Data Science, its objective and importance.
2. Explain the concepts of Data Analytics
3. Explain basics of Programming for Problem Solving & Data Structures
4. Explain basics of Database Architecture and Design E-R Diagram
5. Write basic Programming in Python

4. Introduction of Data Science club

The DATA SCIENCE club has formed in the year of 2020 in our institution KG Reddy College of Engineering and Technology, Hyderabad, as a great leadership taken by the Department of Computer Science and Engineering.

1. Ms. R. Hima Sagarika, Assistant Professor, Dept. of Computer Science and Engineering.

Brochure for the 1st week course

4. Four weeks Content Delivery Description

Week – 1: “Overview of Data Science & Introduction to Data Analytics”

On the First week of the Session Ms.R.Hima Sagarika have gave an overview on the Data Science so that students will get an idea on Data Science and the club activities. Later on she have continued the session with the introduction of Data Analytics. She have explained about the following topics.

- Importance of Data Analytics
- Tools used for Data Analytics
- Environment of Data Analytics
- KDD Process
- Differentiation between Supervised and Un Supervised Learning

Fig.1.Screen Shots of the Week 1 Session by Ms. R. Hima Sagarika explaining about Supervised and Unsupervised Learning

Week – 2: “Introduction to Data Structures&Database Management System”

On the Second Week we had two Resource persons Dr.B.Hari Krishna and Mr. K.Rama Krishna Reddy. Dr.Hari Krishna sir have Explain the basic Concepts on Data Structures. So, those Students will get the basic foundation on Coding. Sir have explained the about the following topics.

- Introduction to Data Structures
- Linked List
- Stack & Queue
- Searching Techniques
- Sorting Techniques
- Graph & Tree Data Structure
- Recursion

Fig.2.Screen Shots of the Week 2 Session by Dr. B. Krishna explaining about Graph Data Structure

Second Resource Person Mr. K. Rama Krishna Reddy have explained about the concepts of Database Management system. So, that student will get an idea on how we will Create store the data in the Databases and Sir have explained the following concepts:

- Introduction to Databases
- File System Vs Database
- Database Applications
- ER-Diagram

Fig.3.Screen Shots of the Week 2 Session byMr.K.Rama Krishna Reddy about Database Applications

Week – 3:“Basics on Python”

On the Third Week we had Resource persons Mr.K.Uma Shanker .Sir have Explained the basic Concepts of Python. So, that Students will get the basic concepts on Coding. Sir have explained the about the following topics.

- Introduction to python
- Python data types
- Strings
- Lists
- Tuples Dictionaries
- Control flow statements

Fig.4.Screen Shots of the Week 3 Session by Mr.K.UmaShankar about basics of Python

Week – 4: “Coding on Python”

On the Fourth Week we had Resource persons Mr.K.Uma Shanker . Sir have Explained about installation of Python software and explained by implementing few basic Syntax and coding like

- Variables
- Operators
- Loops
- Strings
- List etc..

Fig.5.Screen Shots of the Week 4 Session by Mr.K.UmaShankar about installation process of the Python Software

Few glimpse during the implementation of the Pedagogy Activity Think-Pair -Share Activity

Finally, to understand the student level of the Course After completion of the four week ESD program we have asked the students to complete the Free certification course and students have completed the course successfully and earned the certificate.

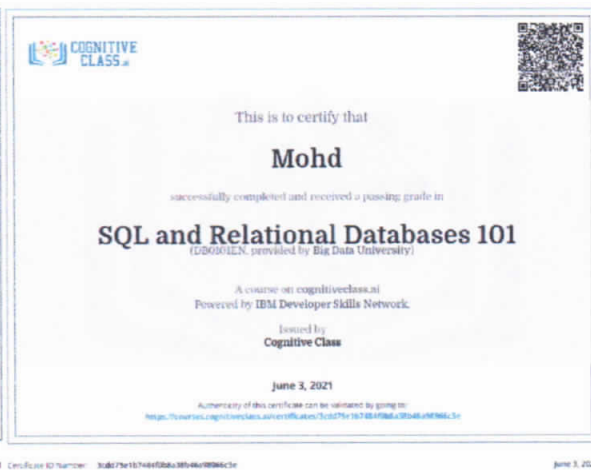

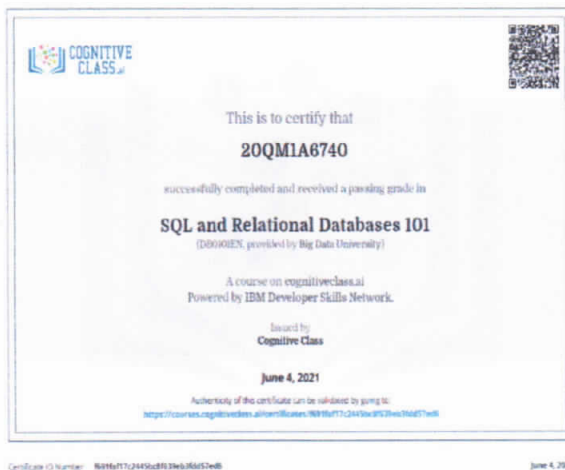

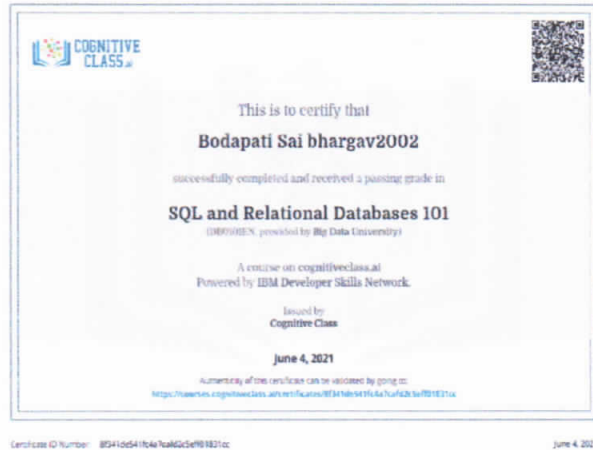

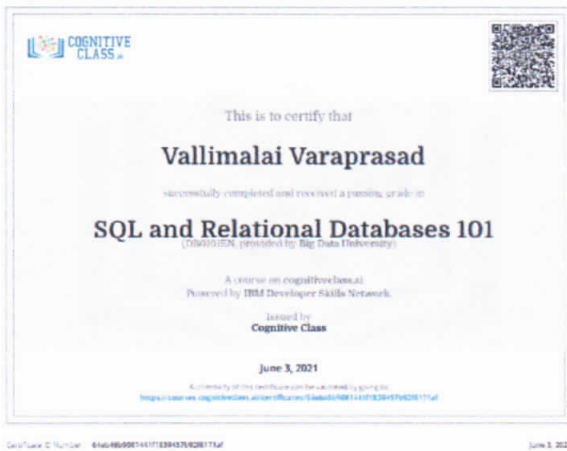

Fig.6.Screen Shots of the certificates received by the students

6. Scope of the course

As all the students have completed the certification so that we understood the basic level of the course. So that we have planned for Advanced course and been implemented soon in the next phase. There the students will be implementing the Real-Time projects. A four Week foundation course on Data Analytics offered basic knowledge required for Data Science Club projects. This course made students ready for carry small projects related to Data science Club by identifying problem by their own and finding sustainable solutions. These foundation course knowledge students able to understand different Real-Time projects. So, that they can identify different problems and finding best sustainable solution by using their basic knowledge.

Circular No: HS/CIRCULAR/2020-21/08-2

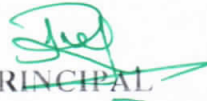

Date: 22-02.2021

CIRCULAR

It is to inform I. B.Tech. students that the Department of Humanities & Sciences in association with Engineering Sustainable Design, Centre for Innovation & Social Transformation & Computer Science Engineering, KGRCET is Organizing a Four-Week Foundation Course on Data Science Club on the Title "Four-Week Foundation Course on Data Analytics " from 26th February to 19th March 2021. The coordinator for the course is Mrs. R. Hima Sagarika, Assistant Professor from the department of Computer Science Engineering, KGRCET.

Therefore, all the students who have opted for this course are informed to attend regularly. The venue for the same is CEED Classroom. Timings are from 1:40 pm to 4:00 pm every Friday.
