Guest of honour :

Zabi Khan

Animal activist

Chief Guest's Profile:

Jasper Paul

Founder- Second Chance Foundation

| (+91) 80 108 108 50 | info@secondchanceindia.org.

Mr. Jasper Paul with a destitute in his shelter for old.

Age- 25

Marital Status- Married to Therisa

Qualification- B.Tech (CSE)

Mother Tongue: Tamil

Father's occupation- Assistant General Manager, Air India

Mother's occupation- Former Senior Editor, Operation Mobilisation.

Brother's occupation- Business, Jacinth Paul Business Team

His name is Jasper Paul, he is 25 years old and currently a full time social worker.

When he was 19, he was involved in a nearly fatal, freak accident, where the car that he was travelling in flipped thrice. However, God saved his life that day and in a bizarre twist he walked out of that incident without a scratch. This turned out to be a life altering event that had a significant impact on him,. It showed him the frailty of life and how things can change in a moment's notice. He took a strong decision to serve the Lord with everything he had in him. He had received a second chance at life and was on the pursuit to find a purpose, to make this second chance count.

A few months down the road, in 2014, he began to work with the dying, destitute and homeless. The incident that pivoted his interest in this direction involved a happening stance encounter with an old, dying woman on the streets of Secunderabad. She had maggots in her hand and was counting her minutes to die. He saw this as an opportunity to make a difference and subsequently rescued her by placing her in a government hospital and an old age home thereafter. This story was greatly publicized and quickly went viral on social

media, the outreach due to the success of the story lead to her being identified by her family, who were then able to reunite her with. It's hard to put into words the exhilaration he felt at the way her story played out and the sheer happiness that overcame him, knowing that he had a part to play in it.

Ever since that day he began rescuing people in the same state as her and placing them in old age homes. He had done close to about 300 rescues to this day and it was all possible because of God's Grace and his second chance over his life!

It was the year 2017, in the month of March, when God's calling on his life was confirmed and he went on to start his own venture, an NGO called 'Second Chance Foundation' aptly titled, with a mission to Spread the Love of God and "bring a change in the society, one life at a time". He then began the rescue and rehabilitation of the Destitutes. It all commenced with 1 lady in a small rescue home in Sainikpuri. Today, by the Grace of God, they have 3 fully fledged rescue homes that can shelter about 130 people.

They currently serve about 130 destitute people dispersed across their three operational centers. Their organization works diligently by a motto to provide "BEST QUALITY" care for each and every person admitted to their rescue homes. They undertake all the responsibilities involved in their care encompassing a complete blood work up, surgeries, physiotherapy, mental rehabilitation and even spiritual rehabilitation. Above all else, their staff is trained to work with "LOVE" as it is the greatest of all! The organization runs purely on a faith based concept. They believe it is their work that should do the talking for them as opposed to constantly asking for funds. They pour their hearts and souls into the work they do, into the care they provide and believe people can see the earnestness in their actions and that this will draw them close and inspire them to be a part of the cause. There is faith and humility in their service and as a result the message is spread. This is how people come forward to donate and help them in their effort to make a difference. They incur a monthly expense of close to about Rs. 3,50,000 including rents, salaries, groceries, medicines and other fixed and variable costs which God has been kind enough to faithfully provide.

A SUMMARY REPORT

All the staff & students assembled in the venue at 4:00 pm. A student of II CSE B played piano to welcome the audience to the grounds.

The chief guest and the guest of honor reached the venue with Dr. R. S. Jahagirdar, principal sir and Dr. Rohit Kandakatla, director sir received them.

The program started with a prayer song and a Kuchipudi dance by Sushma, a IV ECE student welcoming the guests. The dignitaries were called upon the stage. Principal sir gave a welcome address and the Annual report was presented by Director sir. Mr. Jasper Paul addressed the gathering with more information on his NGO followed by Mr. Zabi Khan's talk motivating the students to do something for the society and the animals suffering on the roads.

There was an awards distribution ceremony for the students and the faculty achievers.

There were some surprise Telugu film industry guests also to kick start the cultural program which was colorful and mesmerizing. The message from them was to enjoy the college life to the fullest because they are realizing now that what they have missed.

There were many solo songs renditions and solo & group dances performed by the ever enthusiastic students with team spirit. They exhibited their talent with full fun & pomp in colorful attires making the whole program a grand success.

After wonderful performances by the students in singing & dancing the most awaited segment the DJ started with full energy. The students enjoyed thoroughly and made it a memorable event.

The invites were given in person by the students organizing team members starting from Principal, Deans, HoDs, Teaching and No-Teaching staff well in advance.

This huge stature program was possible only because of a very good teamwork. Various committees were formed to foresee the smooth planning and implementation since two weeks. These committees were headed by Deans and HoDs followed by Faculty members and student volunteers.
