## Summary Report of Haritha Haram

### Objectives of Haritha Haram:

- Chief Minister of Telangana K Chandrasekhar Rao has launched Scheme Telangana Ku Haritha Haram, as part of “Telangana Ku Haritha Haram”, in the coming 3 years 230 Cr Trees are proposed to be added to the greenery of Telangana. Telangana Ku Haritha Haram Scheme
- National Forest Policy of India envisages a minimum of 33% of the total geographical area under forest / tree cover to maintain environmental stability and ecological balance; that are vital for sustenance of all life – forms, human, animal and plants.
- Telangana Ku Haritha Haaram, a flagship programme of the Telangana Government envisages to increase the present 24% tree cover in the State to 33% of the total geographical area of the State.
- The thrust areas to achieve the above are two-fold; one, initiatives in notified forest areas, and the other, initiatives in areas outside the notified forest areas. The first objective is sought to be achieved by a multiprocessing approach of rejuvenating degraded forests, ensuring more effective protection of forests against smuggling, encroachment, fire, grazing and intensive soil and moisture conservation measures following the watershed approach.
- Major fillip is sought to be given to Social Forestry for achieving the second objective. In the areas outside the notified forest, massive planting activities will be taken up in areas such as; road-side avenues, river and canal bank, barren hill, tank bunds and foreshore areas, institutional premises, religious places, housing colonies, community lands, municipalities, industrial parks, etc. Legend District Boundary Vegetation Class Dense Forest Open Forest Scrub Non Forest Water Body
- 230 Crore seedlings are proposed to be planted in the State during the next three years. Out of this, 130 crores seedlings are proposed to be planted outside the notified forest areas (10 crore within HMDA limits, and the remaining 120 Crores in rest of the State). It is also proposed to plant, and rejuvenate the viable rootstock to achieve 100 crore plants inside the forest areas by way of intensive protection of the forests.

### Outcomes:

In this programme, it is proposed to plant and rejuvenate 230 crore seedlings as follows:

Outside Forests areas – 130 crores (including 10.00 Crs. in HMDA and GHMC areas) 100 crores within Forest areas (20.00 Crs through plantations and 80.00) Crs through rejuvenation. Block plantations are taken up in the forest areas where old eucalyptus plantations are harvested, in the retrieved encroached areas and in the open areas. These block plantations are taken up in a semi-mechanical method (SMM) and labour intensive method (LI).

Planting achievements:

- 2015-16: 15.86 crores plants
- 2016-17: 31.67 crores plants
- 2017-18: 15.10 crores plants
- 2018-19: 33.10 crores plants

On 26th June, 2020 our institute KGR CET planted trees as a part of Haritha Haram which was initiated by Government of Telangana. Principal along with Heads of all department, teaching and non-teaching staff participated in the program and made it success. The program is organized by Student Welfare Department Head Ms.Udayasri and the coordinators. The Student Welfare Department very thankful to the Management of KGR CET, Principal, Heads of all departments and to all teaching and non-teaching staff for making the program a grand success.
