Summary Report

The Launch of Certificate Programme in Blockchain Business Consulting is a significant step in bringing blockchain knowledge to Business Leaders, Domain experts and Business Consultants.

Blockchain is the biggest disruptor over the last few decades after the advent of Internet and it is set to transform businesses across Industry sectors. There is a huge need for understanding Usecases, case studies and implementations of blockchain across domains like Fintech, Retail, Supplychain, Aviation and Manufacturing.

The collaboration of Tech Mahindra, GMR Innovex and Idealabs provides an unbeatable combination to explore the world of blockchain

The visit was enthusiastic for attending programme in **Blockchain Business Consulting**, co-certified by **Idealabs Tech Mahindra and GMR Innovex**. Students got a deeper insight in listen to keynotes and perspectives from Blockchain experts, network with other blockchainers and look forward to some great conversations on blockchain.

Rajesh Dhuddu, Head of Blockchain Practice Tech Mahindra, explained about how one can be Blockchain to Business leaders and Business Consultants. Blockchain is perhaps the biggest disruptor after the advent of Internet and this bought leadership initiatives will help in mainstreaming Blockchain. Book launch on "BLOCKCHAIN A-Z" by Rajesh Dhuddu.

Pankaj Diwan, Founder, Idealabs Future Tech Ventures, explained in detailed about insightful conversion on Blockchain- Challenges and Oppurtunities with top Blockchain Leaders for fastest growing Innovation Consulting and Upskilling company.

Advisor and key member of Industry Bodies, Policy making bodies across multiple states on Innovation and Entrepreneurship development.

SGK Kishore ,ED South & CIO , GMR Airports, has explained about different things that should be taken in to consideration before thinking of any startup like the role of Business, whether we would be successful in penetrating the market. Moreover one s0hould be very particular about the

uniqueness factor which would attract the market to them in spite of many other similar products already available.

Tech Mahindra, GMR Group and Idealabs bring together a combination of technical expertise, domain expertise and an unparalleled track record of delivering Emerging TechSkills through leadership.

Formed India's largest Academic Alliance on cutting edge technologies with morethan 50 engineering colleges across India.Currently setting up Centre of Excellence (CoE) in areas like Digital Agriculture, Blockchain, Cyber Security with our Global Partners like Microsoft, ICRISAT etc.

Objectives:

- Understand the function of Block chains as a method of securing distributed ledgers, how Consensus on their contents is achieved, and the new applications that they enable.
- Describes the technological underpinnings of block chain operations as distributed data Structures and decision making systems, their functionality and different architecture types.

Outcomes:

- Understand the structure of a block chain and why/when it is better than a simple Distributed database.
- Analyze the incentive structure in a block chain based system and critically assess its Functions, benefits and vulnerabilities.

Program Overview:

The Blockchain Certified Programme by Idealabs, co-certified by Tech Mahindra and GMR group is driven by Industry practitioners and leaders in the blockchain ecosystem.

Its modular in nature to allow you to hone your skills with a usecase driven approach. Our network across various Industry segments gives you access to domain experts providing real case studies.

You can now choose from a range of options that its your requirement best. Talk to our programme advisor or subject matter expert.,

Resource Persons:
