### Objectives:

- To create awareness on downloading standard research papers from various websites like science direct, IEE, Scihub, arXiv, core, scienceopen.com, DOAJ, Library Genesis.
- To develop skills in reading and understanding research papers.
- To know the research paper citing techniques.
- To motivate the faculty to write a review paper.
- To improve the writing skills in paper writing.
- To identify the suitable scopus/web of science journals for paper submission.
- To submit atleast one paper to the journal by the end of Dec 2021.

### Outcomes:

- Develop skills on writing papers independently
- Choose the right journal for publishing the papers
- To develop research culture among the faculties.
- Utilise the free time for doing research
- At least one paper has to be published in Scopus/web of science journal by every individuals

### Targeted audience:

- All nominated faculty from various departments of KG Reddy college of Engineering and Technology, Hyderabad.

### Resource persons

1. Dr. Manish G.  
Associate professor of ECE,  
Dean CRID,  
KG Reddy College of Engineering and Technology, Hyderabad
2. Dr. Jada Shanker,  
Associate Professor of Physics,  
FDP Coordinator, Centre for Research Innovation and Development,  
KG Reddy College of Engineering and Technology, Hyderabad
3. Dr. Harikrishna B.  
Associate professor of CSE,

5. Dr. E. Meher Abhinav,  
Assistant Professor of ECE,  
KG Reddy College of Engineering and Technology, Hyderabad

### **Overall Summary:**

Centre for Research Innovation and Development, KG Reddy College of Engineering and Technology, Hyderabad has been organized Four Week Faculty Development Program on Research Paper Writing during 15-11-2021 to 15-12-2021 held at CEED Computers Lab. Dr. Jada Shanker, Associate Professor of Physics has been worked as FDP Coordinator for this FDP.

On the first day, Dr. Manisha G. has given a presentation on objectives and outcomes of this Four week FDP, also she has given presentation on <https://www.sciencedirect.com/>, <https://www.ieee.org/> and <https://scholar.google.com/> each and every point has explained about downloading a Research Paper. All the required tips has been given to downloading a standard Research Paper by using key words and title of the desired work. Dr. Manisha G. has been delivered the presentation on selection of research paper to read, all attended participants carefully observed the techniques in selecting the right research article.

Dr. Harikrishna has given a presentation on various websites like <https://arxiv.org/>, <https://core.ac.uk/>, <https://www.scienceopen.com/> <https://www.doaj.org/>, <http://libgen.li/> for paper citing and downloading. Hands on session also had on the next day. Hands and session of all faculty members have been observed and guided by Dr. Manish, Dr. Jada Shanker, and Dr. Harikrishna. Active teaching learning process has been done.

Dr. E. Meher Abhinav has delivered talk on “how to identify fake journals and right journals”, Dr. B. Vandana has given talk on “reference citing by mandely software”. Hands and session of all faculty members have been observed and guided by Dr. Jada Shanker, Active teaching learning process has been done entire session.

Importance of research in career growth in higher education how to develop career to sustain in the research and development institution has been clearly explained and motivated the participants towards research by Dr. Jada Shanker.

**KG REDDY**  
College of Engineering  
& Technology

**UGC AUTONOMOUS**

Jada Shanker has delivered the presentations on “How to write introduction part in the paper”, “Experimental/synthesis part”, “Result and Discussion part”, “difference between abstract and conclusion”, “proper citing the reference paper in the text” for all these sessions attended participants actively involved and applied session tips in their respective area of research. Progress of all attended faculty members have been evaluated by respective department R&D coordinators i.e Dr. Jada Shanker-H&S, Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering, Dr. Harikrishna B-Computer Science Engineering, Dr. B. Vandana and Dr. E Meher Abhinav-Electronics Communication Engineering. Most of the FDP nominated faculty members have downloaded right papers related to their research work and shown progress on writing a research paper. Also, daily possible tasks has been given for all attended participants, most of the participants completed their tasks in time.

Principal sir has been inspected during FDP and interacted with the Dean R&D, FDP Coordinator, and participants. Some trending and scope of areas of research is advised to ECE and Mechanical participants.

This is the first four week faculty development program during 15-11-2021 to 15-12-2021. From this FDP, all the participants learned a lot towards research, and most of the participants wrote papers and submitted to conferences, journals, very few are at the paper revision stage. Therefore, Centre for Research Innovation and Development team proud to say this FDP is fruitful. Hence, Four week FDP need to be continue through year to develop research culture in the college, by doing this efforts good number of papers can produce in short time.

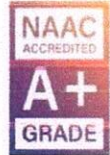

Nominated list of faculty for FDP, their daily attendance, progress of their research in terms of paper writing details are attached as a separate sheet, few activities of the FPD is captured in photos which are also attached as a separate sheet.

Daily activities happened in the FDP is coordinated and monitored by Dr. Jada Shanker, every day report has been reported to Dr. Manisha Dean R&D, with the encouragement and support of Director, Dean R&D, Principal This FDP-1 successfully completed. Certificates have been issued only for eligible candidates after taking the consideration of attendance and research progress towards paper writing. List of Eligible candidates and their participation certificates have been attached.

### Impact Analysis Report on Four Weeks Faculty Development Program on Research Paper Writing

The above FDP has been organized during 15-11-2021 to 15-12-2022 to the faculty in CEED lab from 2.30 pm to 4.30 pm by CRID, KG Reddy College of Engineering and Technology. In this FDP, certificates have been issued to participants who have above 75% attendance with at least one paper submission to the Scopus/SCI journal. The following faculty communicated the research papers.

S. No	Name of the Faculty
1	Ms. P. Ashwini Goud
2	Ms. B. Swathi
3	Mr. Vijaya Bhasker Reddy
4	Mr. A. Saida
5	Mr. D. Lakshmi Narayana
6	Mr. Mahesh Reddy
7	Ms. Shivani
8	Ms. P. Samyuktha
9	Mr. Lingam
10	Mr. D. Srinivas

## ABOUT INSTITUTE

KG Reddy College of Engineering and Technology is a new age engineering college imbuing a futuristic vision. It is known for its commitment to offer world-class education with quality teaching and the best of infrastructure. It has won accolades for its diligent effort in bringing state of the art norms and international association for its students. New age engineers are those who are well equipped and updated with the current knowledge, futuristic ideas and have a solid foundation. The industry today is looking for new age engineers who are ready to take on the challenges of the new world. The skills they require are honed at KG Reddy College and the college encourages its students to learn beyond just engineering. It sharpens the students with analytical knowledge, ability to apply real time and industry-current education. KG Reddy College prepares students not just to compete with the industry, but to lead. Currently there are 1300 students studying at UG and PG level courses. More than 200 students are training in skill development (PMKVY-I, II). KG Reddy College of Engineering and Technology has received NAAC A+ Accreditation.

## ABOUT CRID

The Centre for Research Innovations & Development (CRID) is imperative for the inclusive intellectual growth. It is often the first critical step in innovation and drives technological improvements which lead to Science and Technology (S&T) growth. KG Reddy College of Engineering & Technology is continuously encouraging, supporting and promoting R&D activities by imparting training and workshops.

The institute is actively pursuing advanced research programs which are focused towards advancement of human knowledge and development of society.

Research efforts are directed towards solving complex problems, delivering social benefits and driving economic prosperity, nationally as well as globally. The center (CRID) is responsible for the development and implementation of research strategy of the institute. It assists to formulate strategic planning for research and executing the plan. It Co-ordinates academic management of the research of the institute as a whole, encourages faculty and departments to increase research grant from different funding organization in India, encourages national and international Collaborations.

## ABOUT FDP

The Program aims at enhancing the academic and intellectual environment in the Institutions by providing faculty members with enough opportunities to pursue research and also to participate in seminars / conferences / workshops. Participation in such program would enable faculty members to update their research and pedagogical skills.

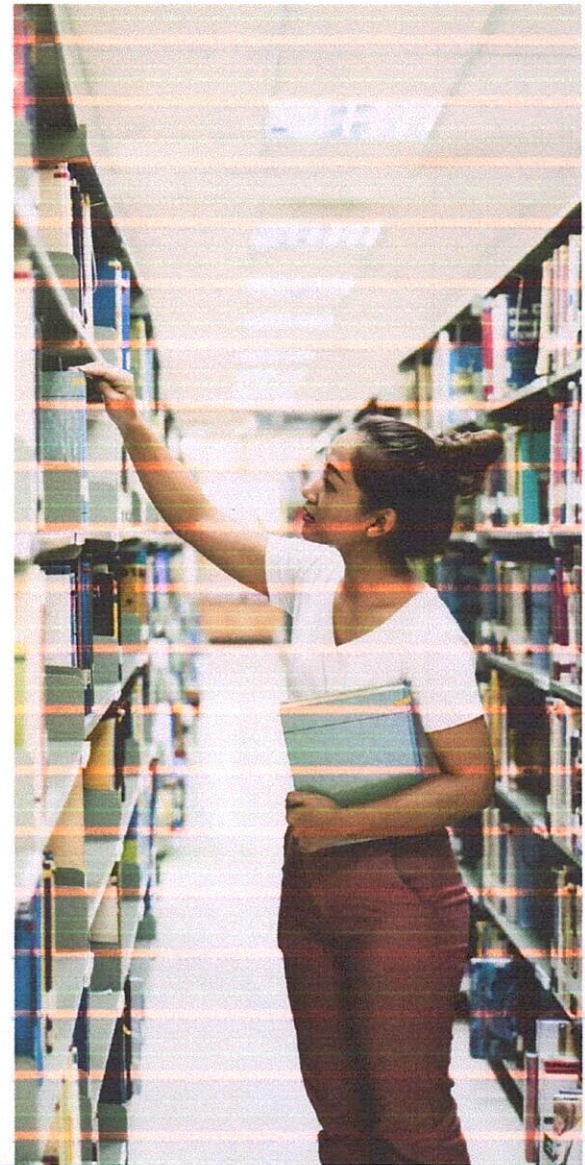

## BENEFITS OF THIS FDP

By participating in this program with various sessions on writing a research paper, the faculty will learn to write a research paper. The faculty gets the following benefits on attending this FDP

- Makes more skilled in writing research papers
- Helps to integrate more technology onto teaching
- Orients our faculty to KG REDDY College of Engineering & Technology's objective & vision
- Helpful to expand the faculty role
- Helps our faculty members to find right work balance

## COURSE CONTENT

- Know about downloading a research paper
- Exclusive selection of research paper to read
- Efficient way to read a research paper
- Reading a research paper repeatedly
- Tips on literature survey
- Effective way of writing a research paper
- A study on citing references and referencing style
- Scholarly way to present a paper in an International conference
- The powerful impact of acknowledging
- Avoid improper borrowing - Plagiarism
- Paper submission with respect to its scope
- Collaborations with researchers / communities

## EXPECTED OUTCOME

The attended faculty is expected to

- Write a research paper (conference/Journal) qualitatively
- Know to collaborate with research communities around the globe

## INTENDED AUDIENCE

The following audience who are interested in doing research in allied fields of Engineering / Sciences / Management Studies

- All KGR CET teaching faculty

## REGISTRATION FEE

There is no registration fee for KGR CET faculty

---

**WHAT WILL PARTICIPANTS RECEIVE?**

**A PARTICIPATING CERTIFICATE**
