

## July- 2025

### Faculty Achievements:

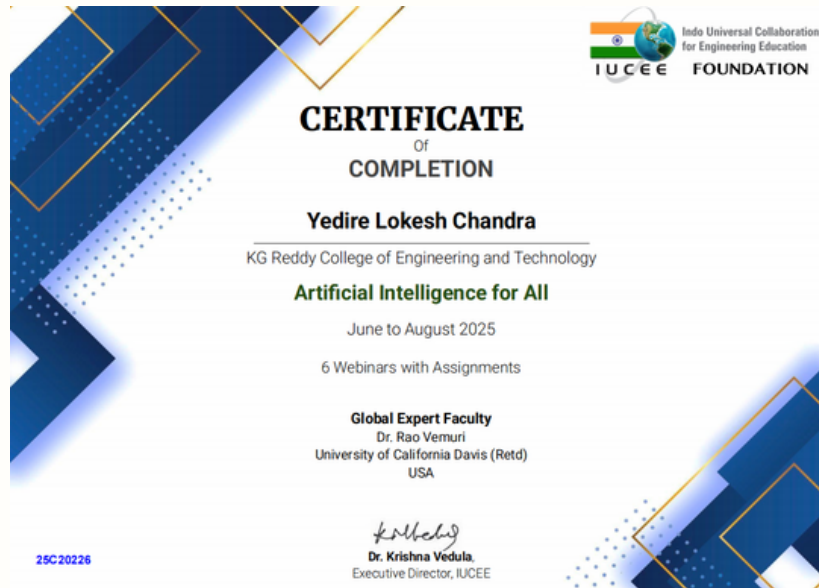

1. Mr.Bande Ganesh, Got Ph.D Admission in SR University Warangal for the Batch 2025.
2. Mrs.Gomathi K. has Completed MOOC Certification in Swamy NPTEL on “Research Methodology in Natural Sciences” from NPTEL-AICTE & IIT Madras.

3. Mr.L.Govardhan, has Completed Five Days Faculty Development Program & Workshop on “Application of Artificial Intelligence and Machine Learning in Electrical Engineering” from 30-June-2025 to 04-July-2025, Conducted by Heritage Institute of Technology, Kolkata, in Collaboration with the AMIEE Association.
4. Mr.Bande Ganesh, has Completed Five Days Faculty Development Program & Workshop on “Application of Artificial Intelligence and Machine Learning in Electrical Engineering” from 30-June-2025 to 04-July-2025, Conducted by Heritage Institute of Technology, Kolkata, in Collaboration with the AMIEE Association.

5. Mrs.Gomathi K. Attended National Seminar “Empowering India’s Research Future” from 09-July-2025 to 10-July-2025 at Engineering Staff College of India(ESCI) Hyderabad, in Association with NEP-2020, SDG-2030 and Viksit Bharat @2047.
6. Mrs.Gomathi K. Attended Two Days Workshop on “Teaching Future Innovations: Introducing Model based System Engineering” from 22-July-2025 to 23-July-2025 at Anurag University Hyderabad, in Association with Dassault Systems, France..
7. Dr.Srinivas Jhade, Completed Five Days Faculty Development Program on “Cloud Computing” from 14-July-2025 to 18-July-2025 organized by the JB Institute of Engineering & Technology, in Collaboration with ExcelR Editech Pvt.Ltd.
8. Mr.Bande Ganesh, Completed Five Days Faculty Development Program on “Cloud Computing” from 14-July-2025 to 18-July-2025 organized by the JB Institute of Engineering & Technology, in Collaboration with ExcelR Editech Pvt.Ltd.

## Students Achievements:

Lokesh successfully completed the "Artificial Intelligence for All" certification program held from June to August 2025. This intensive course, led by global expert faculty Dr. Rao Vemuri (University of California, Davis), consisted of six comprehensive webinars and rigorous assignments.

Student Name: Yedire Lokesh Chandra  
Department: Computer Science Engineering, Data Science Institution: KG Reddy College of Engineering & Technology

Description: Yedire Lokesh Chandra has been awarded significant research and development funding through the MSME Hackathon 4.0, an initiative by the Ministry of MSME, Govt. of India. This recognition was granted for his innovative project titled "Calving Sentinel: A Pregnancy and Calving Alert System". The project secured a substantial funding amount of Rs. 11,00,000/- to support the further development and implementation of this technology.
